## Mobius is now MENTOR Vermont

This fall, Mobius changed its name to MENTOR Vermont, in order to better align with MENTOR: The National Mentoring Partnership. While our name and logo have changed, our mission and vision have not. We remain an independent non-profit, as we always have been. Becoming MENTOR Vermont enables us to clarify our role and the work we do, raise awareness throughout the state, and provide new opportunities and resources to help ensure more youth in Vermont can receive the benefits of having a caring, consistent adult mentor.

## A Note From Chad Butt, Executive Director

We believe that every young person in Vermont should have the supportive mentoring relationships they need to grow and develop into thriving, productive, and engaged adults. With your support, we will continue to work together with youth mentoring programs across the state to achieve this vision.

## Supporting Programs in New Ways

Based on program feedback about the cost, difficulty, and time it takes to conduct national background checks on potential mentors, MENTOR Vermont contracted with Verified Volunteersto implement a national background check system that is simpler and more efficient for all involved. Additionally, MENTOR Vermont has assumed the cost of conducting these background checks, making it FREE for programs. This will ensure a program's finances never impact its ability to safely screen potential mentors.
